

Casella Duo Thermostatic Shower Set

Product Code 100539

Suitable for all applications and with an easy clean action to prevent the build-up of limescale, the clean modern lines and fixings create an attractive appearance suited to a minimalist taste. The simple quarter turn slider provides for easy adjustment, and is supplied with a double interlocked hose. The Rain Shower height can be easily set during installation, using the telescopic feature built in just above the top fixing bracket. If clear lines and subtle design appeal then this set was made with you in mind.

- Dual Minimalist & Rain Shower Heads
- Height Adjustment of 450mm
- Brass Tube, Chrome Plated
- Stainless Steel Double Interlocked Hose
- Max Temp 80°C
